

Objective 5. Create an environment within 4FRI that allows, encourages, and supports researchers taking advantage of unique opportunities for research within 4FRI													
<i>Action 1.</i> Develop a document describing potential research experimental designs and outlining logistical considerations that will improve the occurrence of research within 4FRI	Science and Monitoring: Williamson and Smith	Orange	Orange	Orange	Orange	Orange	Orange	White	White	White	White	White	White
<i>Action 2.</i> Develop a database that identifies current funding opportunities for research and monitoring within 4FRI	Science and Monitoring: Williamson and Smith	Green	Green	Green	Green	Green	White	White	White	White	White	White	White
<i>Action 3.</i> Identify new funding sources that can help address science needs or offset monitoring costs and develop/solicit proposals for those sources	Science and Monitoring: Williamson and Smith	Orange	Orange	Orange	Orange	Orange	Orange	Orange	Orange	Orange	Orange	Orange	Orange
